NOTE!

(MAKE REMITTANCE PAYABLE TO DEPARTMENT OF LABOR AND INDUSTRIES)

NOTE!

NOTE: Safe wiring label must be completely and legibly filled out. Each installation must be approved before service connections are made by the serving agency.

Affix revenue stamps to back side of label section number 2 and mail or deliver to Electrical Inspector for the area where the electrical installation has been made.

Return application in duplicate form with the indicated fees to the nearest district office.

NOTICE OF PENALTY

A fee of \$11.00 per hour or fraction thereof shall be paid prior to approval of the installation for the following inspector services.

- A. Unnecessary trip or trips to inspect when label holder has given premature notice to the inspector that the work is ready for inspection when it is not or has given an erroneous address, subject to approval of the Chief Electrical Inspector or Assistant Chief Electrical Inspectors or appeal from their decision to the Advisory Board.

- ☐ Premature Inspection
☐ Erroneous Address

- B. More than one additional inspection call per label to approve corrections required by written notice of the inspector, as a result of carelessness, neglect, or lack of knowledge of the code on the part of the label holder or his employees, subject to approval of the Chief Electrical or Assistant Chief Electrical Inspectors or appeal from their decision to the Advisory Board.

I have read penalty clause and acknowledge same.

Dear Tom:

Re: High Bill Complaint – Meany Ski Lodge, Cle Elum
Meter Number AO88324541

Tom, this letter is the Seattle Mountaineers and in particular the Meany Ski Lodge's desire to express our appreciation for your efforts in getting our high bill complaint addressed.

As you know we had an ongoing high bill complaint with Puget Sound Energy (PSE) and believed that the meter was in error. That complaint was not seriously addressed over a rather lengthy period of time. We believed that the meter error began with the change out of the old meter in May 2005.

Through various attempts to contact PSE about our complaint your name came up as a possible avenue to get the complaint addressed. Contact was made with you and you took the time to come up and meet with us to discuss the issue. I believe you understood the problem immediately and took action from that point forward to resolve the issue with no further effort being required on our part.

Your efforts came to a successful conclusion with recognition that there was a metering problem beginning approximately May 2005, and that resulted in a rather large refund to the Seattle Mountaineers. We are satisfied with the outcome.
